Nebraska Pyramid Model Module Trainings

<p>Pyramid Module 3a</p>	<p>Individualized Interventions</p>	<p>This module training will focus on a deeper understanding of the Pyramid Model as a framework for supporting challenging behavior.</p>	<ol style="list-style-type: none"> 1. Participants will gain a deeper understanding of the Pyramid Model as a framework for supporting challenging behavior. 2. Participants will review key concepts from Modules 1A, 1B, 2A, and 2B and identify how they are foundational to developing individualized interventions for children. 3. Participants will gain a basic understanding of the crisis of suspension and expulsion in the early childhood setting. 4. Participants will explore implicit bias and the role of the adult in suspension and expulsion. 5. Participants will discuss the role of mindful awareness in understanding challenging behavior and managing their own reactions to the behavior of children. 6. Participants will make a plan for implementing strategies they learned in the training. 	<p>6</p>	<p>Workshop-Training</p>
-------------------------------------	-------------------------------------	---	---	----------	--------------------------

Nebraska Pyramid Model Module Trainings

<p>Pyramid Module 3b</p>	<p>Intensive Intervention</p>	<p>This module training will focus on the process of partnering with families to develop an individualized support plan for young children with the focus on Preventing the challenging behavior from occurring Teaching a new strategy to replace the challenging behavior Reinforcing the new behavior so it replaces the challenging behavior</p>	<ol style="list-style-type: none"> 1. Participants will be able to define and identify the characteristics of challenging behavior. 2. Participants will be able to describe how challenging behavior serves a function for children. 3. Participants will practice identifying the form and function of challenging behaviors. 4. Participants will practice observing and gathering information about children’s behaviors. 5. Participants will understand the collaborative process of supporting children with challenging behaviors. 6. Participants will identify ways to partner with families in understanding and addressing concerns about behavior. 7. Participants will describe and use a process for developing and implementing a support plan to respond to challenging behaviors. 8. Participants will make a plan for implementing strategies they learned in the training. 	<p>6</p>	<p>Workshop-Training</p>
